

KEEP PULLING FOR US!

FRIDAY - May 10, 2024

You can help families at RMHC Memphis-Jackson, TN by saving your aluminum pop tabs.

Please join us at our annual Pop Tab Palooza Weigh-in Challenge on **Friday, May 10, 2024**, from 10 A.M. to 5 P.M. in Jackson.

Supporting Our House

Collecting pop tabs appeals to all ages and is a great way to bring together your community group, company, club, school, church, neighborhood, or family.

Helping Families

RMHC-Memphis holds annual Pop Tab Palooza events throughout the year so that supporting donors can bring their pop tabs all at once. The money raised from recycling pop tabs goes directly to keeping sick children near the care they need with the family they love.

Saving Your Pop Tabs

RMHC Memphis-Jackson, TN now offers big and small pop tab collection boxes that you can pick up from Grace Beasley, Community Engagement Manager, OR you can collect your tabs in any way you chose.

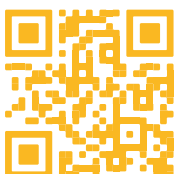

Why Collect Only The Tabs And Not The Whole Can?

The **highest aluminum concentration is contained in the tab**, not in the can. Plus, an aluminum can collection would require much more storage space. Collecting pop tabs is a simple and convenient way to enhance public awareness of the House and its mission while providing funds to support the families who call our house "home."

RMHC-Memphis has served **11,216+** families in **51 countries** since 1991.

FUN FACT

It takes approximately **1,267 small tabs** to make one pound, and a gallon zip-lock bag filled to the max holds between **2.5 and 3 pounds** of tabs.

For any questions, contact **Grace Beasley**, Community Engagement Manager, at [✉ grace@rmhc-jacksontn.org](mailto:grace@rmhc-jacksontn.org)
